### HELP CHANGE A LIFE

Around one in five young people in the UK are not in work, education or training. Youth unemployment costs the UK economy millions a day in lost productivity. Our programme can help a young person gain qualifications whilst learning valuable life skills. Can you help us change a young person's life?

#### Do you know any young people (age 14–17) who are:

- Struggling academically or socially?
- Unsure of their future?
- Practically or vocationally inclined?
- Interested in the fire service?

The Fire Cadets' programme inspires and equips them for the future. To make a referral contact us using the details on the back page.
