

# My home away from home

**Youth services are like a home.**

**You find yourself settled in a place warm and comforting, in a place that enjoys your company as you enjoy theirs.**

**You meet people so different to you yet so similar. It's like looking in the mirror.**

**For this home won't evict if you don't pay rent. Rather it supports you to build life-long skills and connections with people.**

**Your collaborative efforts aren't in vain here, but will get noticed.**

**For the people at home care about you, and want the best for you with boosts of confidence and resilience.**

**They'll make sure to echo your greatest success, and to be a shoulder to turn to.**

**For Youth services are like a home, always there when you need it.**
